ORDER ON MOTION TO CONSOLIDATE

Plaintiff's motion to consolidate this action with several similar cases is hereby denied as moot. The other similar cases filed in the first half of 2008 have all been remanded to state court. The court is aware that two other similar cases have been filed more recently, *Strickland*, No. 1:08-cv-1609, and *Owens*, No. 1:09-cv-156, but the court is not in a position to decide now whether the timing and development of these cases would or would not make consolidation for purposes of discovery prudent. This denial is without prejudice to any issue that might be raised with respect to those cases.

So ordered.
